08/11/2008 01:56 PM

Hi Donna and Brenda,

I've attached a revised update that we can distribute to the homeowners in the next week. It should be a quick read but please look over the response to comments to make sure you're comfortable with the responses. I'm open for edits/comments and any additional questions you feel should be added based on our conversations with the homeowners. I plan to distribute this to all residents of the East Bay Homeowners Association as well as Senator staff, CSKT, Lake County, and MTDEQ. I've also included some of the key actions EPI is planning to implement without trying to get bogged down in the technical details. Please make sure I've reflected these next steps accurately or if they've changed based on more recent conversations, please revise as necessary. Sonya would like a little time to review the final write up so if you can get your comments to me by COB Wednesday, I'll then share revise it and share it with her on Thursday and get it out the door by Monday. If Wednesday doesn't work, let me know when you think you could get me comments.

Thanks, Libby
